Sheet No.

Rule No. 13

LOCATION OF METERS

- 13.1 All service meters hereafter installed on customer's premises shall be located at a point suitable to the Company, as near as possible to the point of delivery, and so placed as to be at all reasonable times accessible for inspection, reading, testing, and periodic change. All meters shall be located where they will not be damaged by passing objects. The final decision as to the location of the metering equipment will be made by the Company.
- 13.2 The customer shall not change the location of the meter on his premises, except as performed by the Company and at the sole expense of the customer.
